

The Warm Project

Energy efficient homes for the community

The Warm Project provides a range of energy saving measures, which include attic and cavity wall insulation, draught proofing of doors and windows, lagging jackets for hot water cylinders and cold water storage tanks, low energy light bulbs and energy advice.

This service is available to homes which meet the following criteria:

- 1. Privately owner occupied and house in the name of the applicant or their spouse. Documentation of one of the following must be supplied e.g.**
 - (a) House Insurance**
 - (b) Evidence of mortgage payments for property**
 - (c) Deeds for property**
 - (d) Letter from local Peace Commissioner**
 - (e) Official correspondence of the Local Property Tax**
- 2. Constructed before 2006**

The property owner must be in receipt of one of the following:

- **Fuel Allowance as part of The National Fuel Scheme**
- **Job Seekers Allowance for over six months and with a child dependant under seven years of age**
- **Family Income Supplement**

If you would like to avail of the services described please complete the enclosed form and return it to The Warm Project, Green Street, Wexford. **Please enclose evidence of your entitlement to one of the above with your completed application form.** If you require any further information or clarification regarding the above or assistance in completing the application form enclosed please do not hesitate to contact us at the above address.

If you have had any previous insulation services carried out in your home from The Warm Project unfortunately we will be unable to revisit and provide any further services to your home.
