THE CORNMARKEt PROJECT

offers a range of free, confidential services for people with substance misuse issues and criminogenic behaviours, including:

Outreach Service

a service designed to support those who are initially unable to make contact with the appropriate services and those who have relapsed and are struggling to attend.

Drop-In Service

a low-threshold intervention service for those who need support to make positive behavioural changes, and who require support with advocacy and referrals to internal and external services.

Counselling Service

a free, confidential counseling service for people dealing with addiction related and other behaviour issues (appointment based).

Behaviour Change Programme
DSP Schemes

a group programme for those committed to identifying and changing their addiction and anti-social behavioural issues. training and rehabilitation community employment schemes are for those moving from drugs into further training and employment.

Family Support Service

a support service for the family members of those with addiction related issues.
