**Wexford**

### 1. Getting Started Online

**Tuesday 18th May - 19:00 to 20:30**

To begin we offer an online session to help participants better understand their online learning environment. **Led by Gavin Harte**

### 3. Community Resilience

**Tuesday 25th May - 19:00 to 20:30**

Sets the context for building healthy and sustainable communities – backed by stronger and more resilient local economies. **Led by Davie Philip**

### 5. Sustainable Energy Communities

**Tuesday 1st June - 19:00 to 20:30**

Learn how the SEAI Sustainable Energy Communities programme supports communities to develop energy management skills and knowledge. **Led by Gavin Harte and 3CEA**

### 7. What is an Energy Masterplan?

**Thursday 10th June - 19:00 to 20:30**

In this module learners will be encouraged to explore a partnership with the SEAI Exploring potential projects for energy efficiency and renewable energy. **Led by Gavin Harte and 3CEA**

### Google Classroom & Zoom Meetings

**All classes will be delivered on Zoom**

All participants must have a working Gmail address to access Google Classroom.

### 2. Let's Talk Climate Action

**Thursday 20th May - 19:00 to 20:30**

Learn about climate change and the challenges, opportunities and actions local communities can take towards becoming climate smart and resilient. **Led by Gavin Harte**

### 4. Managing Energy and Transport

**Thursday 27th May - 19:00 to 20:30**

In this session we examine energy use and transportation, and related opportunities for your community. **Led by Gavin Harte**

### 6. Water and Climate Change

**Tuesday 8th June - 19:00 to 20:30**

How does your community consider water as a resource, and what are the implications of climate change on the availability of water and access to water? **Led by Eileen Flanagan**

### 8. Follow up Workshop

**1/2 day face to face workshop - Date TBC**

Subject to COVID-19 restrictions this session will build cohesion between participants, leaving a network of Wexford Communities 4 Climate Action. **Led by Gavin Harte and 3CEA**
